

INSTRUCTION MANUAL

EV200D-16C1P / EV200D-32C1P / EV200D-16C3P / EV200D-32C3P
Electric Vehicle Charging Cable

⚠ WARNING: *Read all instructions before operating product.
Failure to follow all instructions listed below may result in electric
shock, fire and/or serious injury.*

Definitions: Safety Guidelines

The definitions below describe the level of severity for each signal word. Please read the manual and pay attention to these symbols.

⚠ DANGER: Indicates an imminently hazardous situation which, if not avoided, **will** result in **death or serious injury**.

⚠ WARNING: Indicates a potentially hazardous situation which, if not avoided, **could** result in **death or serious injury**.

⚠ CAUTION: Indicates a potentially hazardous situation which, if not avoided, **may** result in **minor or moderate injury**.

NOTICE: Indicates a practice not related to personal injury which, if not avoided, **may** result in **property damage**.

16A / 32A ELECTRIC VEHICLE CHARGING CABLE

- The product is intended to charge electric vehicles compatible with type 2 Europe charging standard.
- The product is intended to be used in indoor and protected outdoor areas.
- The product is intended for household use only. Not for use in commercial garages. A COMMERCIAL GARAGE is defined as a facility or portion of a facility, also used to house or repair internal combustion engine vehicles, in which vapors from flammable liquids (gasoline) are present.

IMPORTANT SAFETY INSTRUCTIONS

INSTRUCTIONS PERTAINING TO RISK OF FIRE OR ELECTRIC SHOCK!

Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

⚠ WARNING: When using electric products, basic precautions should always be followed, including the following. This manual contains important instructions that shall be followed during operation and maintenance of the unit.

⚠ WARNING: Risk of electric shock! Do not disconnect under load.

⚠ WARNING: This product is intended only for charging vehicles not requiring ventilation during charging.

⚠ WARNING: Do not use this product if there is any damage to the unit.

⚠ WARNING: Do not expose to liquid, vapor or rain

⚠ WARNING: Risk of electric shock. Do not remove cover or attempt to open the enclosure. No user serviceable parts inside. Refer servicing to qualified service personnel.

- Read all the instructions before using this product.
- Use supervision when operating this product around children
- Do not put fingers into the electric vehicle connector.
- Do not use this product if the flexible power cord or EV cable is frayed, has broken insulation or any other signs of damage.
- Do not use this product if the enclosure or the EV connector is broken, cracked, opened or shows any other indication of damage.
- To avoid a risk of fire or electric shock, do not use this device with an extension cord.
- Do not operate the product in temperatures outside its operating range of -30 °C to + 50 °C .
- Do not put inflammable, explosive or combustible materials, chemicals, combustible steam or other dangerous goods near the product.
- The electric vehicles can only be charged with the engine off and stationary. Do not start the engine when the charging handle is still connected.
- Do not touch the terminals or other current-carrying parts when your hands are wet.
- Do not trample or drive over the product's cables.
- Do not put any foreign objects into the enclosure.
- Do not use the product when either you, the vehicle or the product is exposed to severe rain, snow, electrical storm or other inclement weather.
- Do not use or store the product in a recessed area or below the floor level.
- In hot weather, do not leave the charging cable in a car. This could permanently damage the charging cable.

SAVE THESE INSTRUCTIONS

Before First Use

⚠ DANGER: Risk of suffocation! Keep any packaging materials away from children and pets - these materials are a potential source of danger, e.g. suffocation.

- Remove all packaging materials
- Remove and review all components before use.
- Check the product for transport damages.

Main Unit Components

- A. Protective Cover C. Vehicle connector
B. Station connector

Operating Instructions

Start Charging

- a.  Take off the protective cover.
- b.  Plug the station connector into the charging station.
- c.  Pull the protective cover off the vehicle connector and plug into the car.
- d.  Make sure that the vehicle connector is fully inserted.

Stop Charging

- b.  Disconnect the vehicle connector from the car.
- c.  Put the protective cover onto each connector.

USER MAINTENANCE INSTRUCTIONS

⚠ WARNING: The product contains no user serviceable parts. Do not attempt to repair or service any other part of the product yourself.

⚠ WARNING: Regularly inspect the charging cable and plug for any visible damage or wear.

- Cover the charging handle with the protective cover before cleaning.
- Regularly clean the product using a soft, dry cloth to remove accumulated dust and dirt.
- Regularly inspect the charging cable and connector for any visible damage or wear.

Moving and Storage Instructions

⚠ WARNING: When transporting the product, handle with care. Do not subject it to strong force or impact or pull, twist, tangle, drag or step on the product, to prevent damage to it or any components.

- Cover the charging handle with the protective cover before storing.
- Protect the product from any external impact.
- Store the product in a dry indoor area and within the storage temperature of -30 °C to +50 °C. Keep away from children and pets.

Accessories

⚠ WARNING: Since accessories, other than those offered by DEWALT, have not been tested with this product, use of such accessories with this product could be hazardous. To reduce the risk of injury, only DEWALT recommended accessories should be used with this product.

Three Years Limited Warranty

The manufacturer warrants this product against defects in material and workmanship for a period of three (3) years from the date of retail purchase by the original end-user purchaser ("Warranty Period").

If there is a defect and a valid claim is received within the Warranty Period, the defective product can be repaired, replaced or refunded, without charge, in the following ways: (1) Return the product to the manufacturer for repair, replacement or refund at manufacturer's option. Proof of purchase may be required by manufacturer. (2) Return the product to the retailer where product was purchased for an exchange (provided that the store is a participating retailer). Returns to retailer should be made within the time period of the retailer's return policy for exchanges only (usually 30 to 90 days after the sale). Proof of purchase may be required. Please check with the retailer for their specific return policy regarding returns that are beyond the time set for exchanges.

This warranty does not apply to: accessories, bulbs, fuses and batteries; defects resulting from normal wear and tear, accidents; damages sustained during shipping; alterations; unauthorized use or repair; neglect, misuse, abuse; and failure to follow instructions for care and maintenance for the product.

This warranty gives you, the original retail purchaser, specific legal rights and you may have other rights which vary in certain states or provinces. This product is not intended for commercial use.

Specifications

Model:	EV200D-16C1P	EV200D-32C1P	EV200D-16C3P	EV200D-32C3P
Operating temperature:	-30°C-50°C			
Nominal voltage (Max.)	250V AC		480V AC	
Nominal frequency	50 Hz-60Hz			
Number of phases	Single-phase		Three-phase	
Max. charge current	16A	32A	16A	32A
Max. charge capacity	3.68kW	7.36kW	11kW	22kW
Output cable size	3G*2.5mm ² +1*0.5mm ²	3G*6.0mm ² +1*0.5mm ²	5G*2.5mm ² +1*0.5mm ²	5G*6.0mm ² +1*0.5mm ²
Total length	500cm			
Housing protection type	IP55(unmated); IP65(mated)			
Connector plug	Type 2 (in accordance with EN 62196-2)
